PUMPKIN

Cucurbita

PLANTING Aug - Sept. **HARVEST** Jan - April **PROCESS** April - Aug

INGREDIENTS

- *Pumpkin Powder*
- *IQF Pumpkin*

Our pumpkins have a natural sweet creamy flavour and have been developed to produce a flavour unbeatable in the world of pumpkin ingredients.

We hand harvest and store our pumpkins till they reach the optimum maturity for processing in the autumn.

Pumpkins are an excellent source of vitamins, calcium & potassium and make a comforting meal in the cold of winter
